

NASHVILLE:

WEDNESDAY MORNING....NOV 24, 1858

NOTICE TO CITY SUBSCRIBERS.

Wishing to confine our business as near as possible to the CASH SYSTEM, we have determined, hereafter to collect all subscriptions, from the city of NASHVILLE. To carry out this determination to effect, we have placed our whole city list in the hands of Mr. WILLIAM GILL, who will make the collections, and also attend to the delivery of the *Apex*, and see that the subscribers are served punctually. We hope, however, that we will be successful in our parties. Those who may desire to do so, avails the necessity of making their payments during the year, can, if they prefer it, pay in advance for the whole year.

BEAUTIFUL AND SUBSTANTIAL.—The great in-

porting houses of Messrs. J. C. BARBER & CO., No. 46 Pablic Square, are in receipt of an- other large invoice of China, Cut-Glass, Por-

celain and Queensware, which for neatness,

style and durability, far surpasses any of

their previous stocks. The variety of set-

table sets, in their store are superb and most

beautiful, embracing some as rich in looks,

and fine in texture, as can be found in the

United States; together with a variety of *table* sets, entirely new and novel, in this

market. The large and magnificent display

of flower vases, and other ornamental articles,

which adorn their window and show case, defy competition. Their stock of glass-

ware is full, embracing all styles of cut,

stained, plain, frosted, &c. For the "little

folks," for holiday presents, and the toilet,

their stock is extensive and varied, rich

and fancy, that we refer it especially to the

attention of the ladies, believing them to be

more competent to pass judgment on them

than we are. Their stock of substantial ware

is the largest and most complete ever in

store, to which the attention of the trade of

the country and city is solicited. A visit to

their house, and a close examination of their

stock, will doubtless be sufficient to satisfy

anyone desirous of making a purchase.

Large naval force will soon be sent to the

Gulf, with a view to the execution of designs

on Mexico and Cuba.

The estimates for the naval service of the

next fiscal year will be enormous.

Deputations just received from our Minister

at Madrid confirm the statements that Spain

is making active preparations for a demon-

stration against Mexico. N. Y. Tribune.

"GLEASON'S WEEKLY LINE-OF-BATTLE SHIP."

"We have received the first number of the new pictorial weekly paper, bearing this title. It is handsomely printed on a double sheet, tastefully ornamented with a newly-designed border. Mr. Gleason has the experience, the enterprise, the tact, and the capital, requisite to sustain a good and successful paper, and a long and prosperous voyage may be safely predicted for the "Line-of-Battle Ship." The Hon. A. J. H. Durand has contributed some spirited verses for this initial number, which indicate the course that will be pursued:

"Stand by the helm!—The breakers shun
Oil, faction, elation, or creed;

With arms, and strength, and sun;

To various parts we sped;

With gems and fruit—a generous freight;

With crown each golden trip;

While my heart exultant wait

Our Line-of-Battle Ship."

The President and his Cabinet that our Paraguayan expedition will be definitely should President Lopez determine to fight. This, it is believed, will result from the very great difficulty of reaching his capital. In the language of a member of the Cabinet, "Lopez is a rascal, and a scoundrel, who would be a scourge upon the Mississipi and Ohio rivers against the State of Ohio. In order that Lopez may not have an opportunity of complaining of the presence of our forces, we will send him a note to one in the river awaiting the result of his mission to Brazil, and Japan will have one at London."
